

Prayer for the USA and our Leaders

Heavenly Father, thank you for blessing us with the greatest nation on earth.

O Lord, I bring our President and other leaders of our great United States of America before Your throne of grace. Keep them and their families safe; may they find mercy and grace before You as they look for solutions to the different problems that are affecting our nation.

May the President find and keep the right advisors that will give him wise counsel.

Expose and remove wrong people around these leaders that are up to no good and expose and destroy all their demonic-inspired counsel, in Jesus' name.

I ask that You also bless and keep our military and their families safe.

Thank You, God, for leading us in the way that we should go as a nation.

In Jesus' name, I pray, Amen.
