

A Prayer for our Veterans

Heavenly Father,

In Your wisdom, You have called many to serve with courage and strength. Today, we lift up our veterans, those guardians of peace, who have sacrificed their comfort for our safety. Lord, bless them with an abundance of honor and respect that mirrors the magnitude of their sacrifice.

As the shepherd guides his flock to green pastures, lead our veterans to places where their hearts find peace and recognition. Let their service be acknowledged not just with words but through our actions and deeds. In a world quick to move forward, help us to pause, reflect, and give thanks for the freedoms preserved by their selflessness.

May Your love wrap around them, healing any wounds unseen, and reinforcing their worth far beyond their days in uniform. Grant them strength, renew their spirits, and fill them with Your everlasting peace, knowing that their service is honored and remembered.

Amen.
